Med/Drug^ Overdose ED Visits by Med/Drug Class:
Surry County, 2019*

Trend lines shown for Med/Drug classes having a monthly average ≥3 visits. It is important to note, if a Med/Drug class is not shown, it does not mean there were no visits, but that the monthly average is less than 3.

Note: Report is restricted to N.C. residents between the ages 15 to 65 years. Drug classes shown are not mutually exclusive, a person may have more than one drug overdose diagnosis code, therefore, a person may be represented in multiple lines in the graph above. *2019 data is provisional; YTD (Year to date).

Med/Drug^ Overdose ED Visits by Race/Ethnicity and Age Group

143 Overdose ED Visits for Med/Drugs^ with Dependency Potential in Surry County, 2019*
